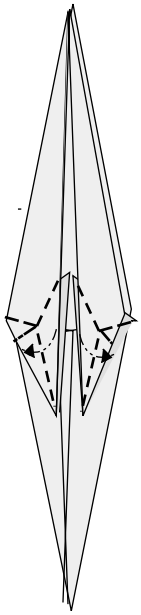
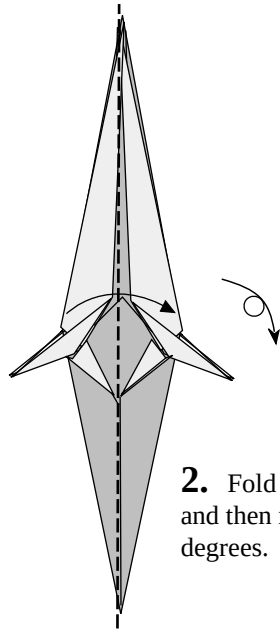
Dollar Bill Pushmi-Pullyu © 1997 James M. Sakoda

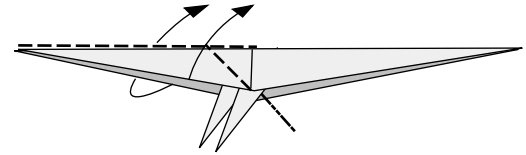
Pushmi-Pullyu is Dr. Doolittle's two headed animal, which can walk backwards or forward without turning around.



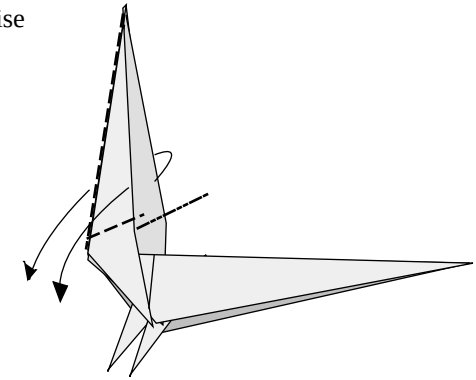
1. Start with Step 7 of the Dollar Bill Giraffe. Fold in the top layer of the short flap and repeat on the underside. Then fold it outward. Repeat on the other side.



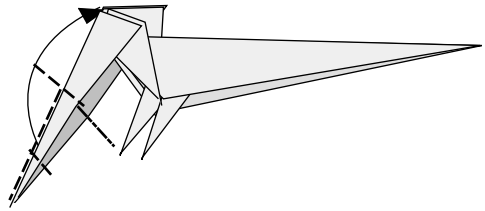
2. Fold in lengthwise and then rotate 90 degrees.



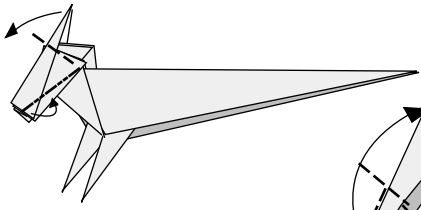
3. Outside reverse fold the left end at a 45 degree angle starting from the center point below.



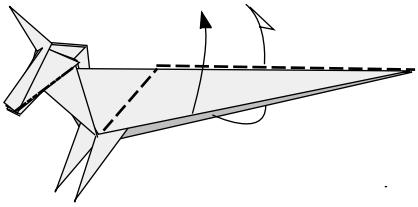
4. Leave a little space to form the head and outside reverse fold downward.



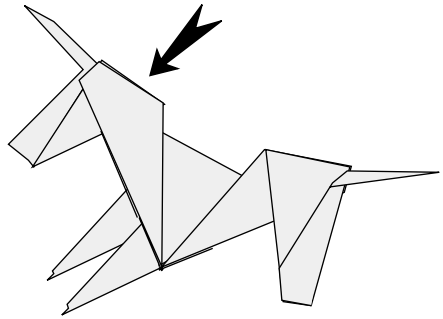
5. Leave 1/5th of the end of the bent flap and fold the rest in half.



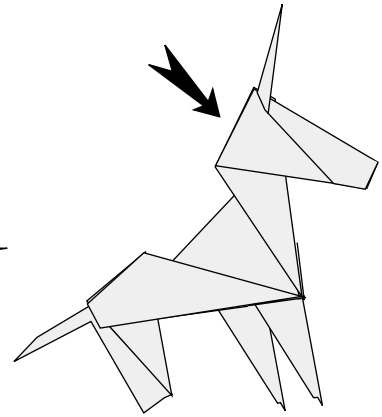
6. Bend the ear forward. Narrow the nose by folding in on both sides.



7. Repeat Steps 3-6 to form a second head and rear end. Spread out the legs as needed.



8. The Unicorn. Push down on the back of the head for the Donkey.



9. The Donkey. Push down on back of the head for the Unicorn.
