A New Stem Holder

by
James Minoru Sakoda

Addendum to His Origami Flowers
by Dover Publications, Inc.

• Ease of Folding. An easy-to-fold stem holder has led to folding the vase, stems, simple flowers and leaves from five inch squares of foil paper which can be carried around in a folded pouch.

• Different Heights. The base stem inserted in the stem holder can be cut easily to provide three vases of different heights, allowing for three different arrangements--tall upright, medium slanting and low horizontal.

• The narrow neck vase has allowed an opportunity to combine two or more arrangements, usually at different heights. This follows the lead taken by the Sogetsu school of flower arrangment, and opens up a new vista for origami flower arrangement.

• An Addendum to Origami Flowers. Since this Chapter 12 was not completed in time to be included in the book, I have prepared a booklet which can be bought separately. I am offering an autographed copy of the book for $7 and the addendum for $3. I use U.S. priority mail, which is $3 for air mailing both in the same package or $13 in all within the U.S. I can include my Modern Origami ($10) in the same package at a total cost of $23. Instead of Modern Origami I can put in a second set of the book and addendum for the same price. A check on a US bank should accompany the order.

• Foreigh Orders For orders from outside of the U.S. the mailing cost for global

priority mailing goes up to $7 for Canada and Europe and $9 for Japan and the Pacific rim. There is no global priority for Russia or South America. Payment can be in postal money order, where it is possible. Otherwise, I will accept dollar bills. If this amounts to $27 I will accept $25.

• Dealers. For dealers, who can order Origami Flowers from Dover directly I can send copies of the Addendum at half price for 12 booklets for $18 plus priority mail cost.

• Send Orders to: James M. Sakoda, 411 County Road, Barrington, RI 02806-2423 and an Email note to James_Sakoda@brown.edu
